SUMMER PROGRAM NOTICE #42

If you are looking to fill in your July calendar with a free one-week research-based program check out the attachment and apply by July 2nd!

Touro College of Pharmacy Collegiate Science and Technology Entry Program is excited to offer a one-week research program to students who are interested in pursuing careers in pharmacy, health care and other science based careers. Students will have the opportunity to explore the different methods and strategies that pharmacists use to diagnose and treat patients, while expanding their knowledge of various fields of science. The Summer Research Program will provide a valuable learning experience that focuses on important academic research skills.

Important Note: If you are selected for the internship, please inform Mr. Honor immediately via email at: bths.internship@gmail.com
