SUMMER PROGRAM NOTICE #1

USC Summer Program....See Information Below...

Important Note: If you are selected for the internship, please inform Mr. Honor immediately via email at: bths.internship@gmail.com
November 29, 2011

Dear College Counselor,

Many rising sophomores, juniors, and seniors invest their summers by attending rigorous college preparation programs. When they attend summer programs at the University of Southern California (USC), high school students balance work and play as they prepare for college in the nation’s entertainment headquarters - Los Angeles, California. If your students are seeking an academic challenge but still hope to have some fun this summer, invite them to apply to the pre-college summer programs for high school students at USC.

USC Summer Programs offers students a preview of “freshman year” through its college immersion program. Students explore Los Angeles as a laboratory for recreational and cultural learning beyond the traditional classroom. Our programs are designed to combine college level course work, academic field trips, and structured recreational activities.

**USC Summer Programs** offers **4 and 2 week** courses in a variety of subjects from which students choose one course for intense study. Courses are interactive, engaging and challenging, and students receive **3 units of USC elective credit** upon successful completion of the **4-Week program**. Students can choose from over 25 courses in the following subject areas:

<table>
<thead>
<tr>
<th>Architecture</th>
<th>Computer Science</th>
<th>Performing Arts</th>
<th>Science</th>
</tr>
</thead>
<tbody>
<tr>
<td>Business</td>
<td>Global Studies</td>
<td>Pre-Health</td>
<td>Visual Arts</td>
</tr>
<tr>
<td>Engineering</td>
<td>Journalism</td>
<td>Pre-Law</td>
<td>Writing</td>
</tr>
</tbody>
</table>

**Online** courses in some subjects are offered year-round also and can be viewed on our website.

**Activities and Excursions**

USC Summer Programs offer weeknight and weekend activities to enhance students’ college experience. On campus activities include intramural sports, talent shows, and dances. On Saturdays, students explore local attractions around Los Angeles, which in the past have included a day at Santa Monica Beach & Promenade, Disneyland, and Knott’s Berry Farm amusement park.

Enclosed you will find a poster about our programs. I hope you will display the poster on a bulletin board so your students can learn about the USC Summer Programs. Students may visit [summer.usc.edu](http://summer.usc.edu) for more information and instructions on how to apply.

Thank you for making your students aware of this valuable opportunity. If you have any questions, contact us at 213.740.5679 or summer@usc.edu. We look forward to hearing from you.

Sincerely,

V. Sonny Hayes  
Director of Summer Programs  
Office of Continuing Education and Summer Programs
