Conference Overview:

With that being said, the international office at Maynooth is available to speak with you at anytime to address your concerns or questions. We want to ensure that every potential student has an opportunity to look over this wonderful and unique experience within Ireland. NUI Maynooth provides each student a wide range of academic offerings, familiarity with other countries, peoples and cultures, to go along with top notch faculty on an international campus.

Three years ago, the Albert Schweitzer Foundation and our international partner Foroige partnered to create an international youth leadership initiative. The goal was to impact young people across the globe in an accredited and researched-based program which focused on youth leadership development. This program would inspire young people to become good leaders and good stewards of their world with the focus primarily on community service, skills development, multi-culturalism, health/well-being, and environmental issues. Out of this program grew the ASLFL International Youth Leadership Conference in Dublin, Ireland.

The conference is held every year in the Republic of Ireland bringing together over 300 young leaders from all over the world. With this in mind, we are currently in the process of recruiting participants for our next conference. This is a rare and life-changing opportunity for selected youth to participate in this learning experience with other youth from all over the globe.

Further detailed information along with the application to ASLFL, medical form, and payment process will be found on our website at: [http://www.aschweitzer.com](http://www.aschweitzer.com).
