INTERNSHIP NOTICE #5

WHO WE ARE

Mission Statement: YouthBridge-NY is a nonprofit leadership development organization that convenes and trains young people to meet the challenges of an extremely diverse New York City.

Vision Statement: YouthBridge-NY is devoted to improving the atmosphere of respect and diversity in our city and the schools and community organizations in which our youth leaders live and learn. YouthBridge-NY youth leaders are proactively involved in the leadership and diversity landscape of our city and are dedicated to improving the quality of life for all.

The goal of the Leaders to Leaders Youth Summit is to inspire young leaders to take charge by empowering them with knowledge of the possibilities, skills, and the training they need to turn ideas into action. Students will engage with New York City’s top change makers by discussing pressing diversity issues and developing a network of youth leaders. Participants will then go back to their communities, where they will implement a diversity project. YouthBridge-NY will then follow-up with them in the spring to evaluate their progress.

The implementation of a diversity project at one’s school or community is the highlight of this year’s Leaders to Leaders Youth Summit. Students should not only learn from the event, but also be inspired and equipped to bring change back to their own schools and communities. It is suggested that student supervisors who attend the conference serve as club advisors at their school/organization, nominate 3-5 student leaders to attend, and advise them as they work to implement their own diversity project. As part of the conference agenda, supervisors and students will have the time to begin planning a diversity project and may bounce their ideas off of the workshop presenters and other participants.

What to expect at the conference?

Case Study Sessions with Leaders
Students will be divided into groups and meet with 6 different entrepreneurial leaders who have identified an issue/need, found a solution, and evaluated their success.

Students will be able to ask questions and better understand the process so that they may implement their own project/idea at their school or community.

Skill-Building Sessions
Students will have a mini session on basic organizing skills, which will help them to plan and implement a project/idea at their school. Skills include time management, budget, teamwork, marketing, creating a campaign, and more!

Project Planning
Students and supervisors will regroup to begin the process of planning a project at their school. They will then share their plan and get feedback from other school groups.

Closing Keynote Speaker
Participants will hear from a dynamic keynote speaker who will provide a personal account of how one can identify a need or a challenge and bring their desired solution to fruition through measurable and attainable steps. The keynote will address the ability within each student to create positive change in his or her small section of the world, and how through these small changes we can collectively change the world at large.

One goal of the YouthBridge-NY Youth Summit is to identify and explore possible solutions for issues within each organization or school’s community that are of specific interest to student participants. Please identify three main issues your students feel must be addressed within your school or community.
