

# THE MAJOR SELECTION PROCESS

1. First logon to the Student **Daedalus** site either by logging into the school website and clicking on the **Daedalus** link (A) then clicking on the Student link or by typing this address into your browser <https://students-brooklyntechhs.theschoolsystem.net/login.rb>.

2. Once there you will login (your username is the same as your current bths email username and your password is your 9 digit OSIS#). You should change your password once you have entered to make the system more secure (A).

The list of available items are listed (B) including: schedule, attendance, report card grades and transcript data. During the Sophomore Major Selection process, a selection link will be accessible to eligible students. When you have determined your preferences, click on the link.

3. Upon entering the Major Selection page, you will see the image on the right. The data presented includes:
  - your personal evaluation chart (B) which lists your current Power Index for each Major (based on your transcript);
  - the cutoff PI for major placement last year; and
  - your rank among all eligible applicants for each major this year

The PI cut score for last year is merely a reference and does not mean that if your PI is lower that you have no chance to get in this year. Student preferences change from year to year as does demand for particular programs.

After determining your first choice preference, please select it in the list under (A) and move it to the top using the **MoveUp** button. You should list all 16 Majors in order of preference because if you do not qualify for placement in your first choice you will be considered for your second choice in a continuing process until all students are placed.

Once you have completed the entire form, **sorting all 16 majors in your preference order**, you may submit your selections (C).

Please note you may change your selections at any time until March 16, 2011 @ 5:00 pm. The most recent submission entered will be used for the process. Please make sure to logout before closing out of your internet browser.

You will notified regarding final placement on March 30, 2011.

Brooklyn Technical High School  
Randy Asher, Principal

Major Selection

Arrange the Majors in the box below so that they are in the order of your preference, with the one you want **MOST** at the **top** and the one you want **LEAST** at the **bottom**.

Move them by selecting a major and then clicking the 'move up' or 'move down' buttons.

When you are done, click the 'Submit' button.

In order to help you evaluate your chances of getting your choices, here is some relevant information (PI = Power Index):

Major	Your PI	Last Year's Cut Off PI	Your PI Rank Among This Year's 1394 Students
Aerospace Engineering	378	331	199
Architecture	390	338	104
Biological Sciences	276	261	325
Biomedical Engineering	276	245	325
Chemistry	365	312	362
Civil Engineering	378	238	199
College Prep	279	N/A	263
Computer Science	375	293	
Electro-Mechanical Engineering	378	297	
Environmental Science	276	193	325
Industrial Design	301	217	48
Law and Society	359	323	488
Mathematics	270	227	397
Media	301	217	48
Social Science Research	359	342	488

Buttons: Move Up, Move Down, Submit

**SPECIAL NOTE #1:** Please see you Guidance Counselor if you are a sophomore and do not have access to the system.  
**SPECIAL NOTE #2:** Failing to fill out the Major selection form will result in the student being placed in the College Prep major.
